

that the bonds be marketable. I recognize that this is a very technical area, one which is very important that it is done properly. I had to rely on the bond council for these amendments. They brought them to me. I have every reason to believe that they are right, in this instance I have no expertise but I must rely upon them. I move for the adoption of the amendments.

SPEAKER MARVEL: What is before the House? The Chair recognizes Senator Koch. You have an amendment to the Schmit amendment?

SENATOR KOCH: Do you have it on the desk, Mr. Clerk?

SENATOR KOCH: In that case we can go ahead and move it and
